

CONNECT: Caregiver Simulated Training

Dear Parents and Caregivers,

Almost Home Kids is thrilled to share news about a special in-person 2-day, 8-hours per day caregiver training program we are launching in July 2024. This program is tailored to empower you in your vital role of caring for your child with medical complexities. We recognize that in the past, the support available to you might not have been sufficient. With this in mind, our upcoming training signifies a new chapter, offering essential tools and knowledge to aid you in your journey.

This training is just the beginning of a journey we are excited to embark on together. More information will be available in late Spring with details as to how you can be part of this transformative experience.

See you soon!

The 2-Day Curriculum will include:

- Reducing the risk of infection
- Skin care
- Daily care of the child with a tracheostomy and Ventilator
- Activity and Movement
- Equipment and alarms
- Gastrostomy care and feeding
- Tracheostomy basics
- Respiratory assessment and interventions
- Ventilator training with hands on practice
- Emergency preparedness
- Caregiver resiliency and well-being
- Simulation learning experience
